KNOW. LIVE. CHANGE.

*Hi Friend,*

I want to share a number with you that has become a really beautiful reminder to me ... **123**.

This 123 is more than just a number. It symbolizes the eternal impact of what it means to be a treasured friend and donor of Proverbs 31 Ministries.

You see, for every \$1 donated, Proverbs 31 Ministries is able to share Truth 123 times. That means every dollar you invest is multiplied 123 times to reach women with the Truth of God's Word.

And in 2021 alone, the generosity of our faithful donors made it possible for Truth to be shared 1,069,262,794 times.

One billion ... 69 million ... 262 thousand ... 794 times.

Wow.

Most of the time, I'm more of a words gal than a numbers gal, but the life change represented in this statistic is absolutely astounding to me. Here's why: Your giving doesn't just make it possible for us to create free, biblically sound resources or share wisdom and encouragement on social media and *The Proverbs 31 Ministries Podcast*. Your giving also leads to tangible life change for women and families desperate for wisdom to get through what they are facing today.

When I look at these numbers, I think about the everyday woman on the receiving end of the Truth we get to share. The new mom trying to squeeze in just a few minutes of time in God's Word in the First 5 app. The worn-out businesswoman who doesn't feel as alone as she reads an *Encouragement for Today* devotion in her email every morning. The college student who finds scriptural truths on social media to help her overcome her struggle with anxiety.

These are just a few examples of how God is moving in the lives of women, families and communities through your generosity.

I can't thank you enough for being a part of the community of Proverbs 31 Ministries donors. I hope every time you see the number 123 now you'll be reminded of the global impact you're a part of.

Many blessings,

Lysa TerKeurst
